## Dedication

Miss Una D. Hilliker

Through thirty-four years spent in the classroom she endeavored to apply the educational goals, teach the worth of life and plain the necessity for knowledge to a cosmopolitan group of students. In the long years of depression, wars, and the advent of the atomic age, obstacles often arose which might have dismayed a less intrepid spirit.

Dauntless she was in battle for the rights of teachers; concern was hers for those decisions arising in public life which affected the profession. Her most vigorous oratory came in a crisis. She was a pioneer, a champion worthy of respect. The indifference and laissez-faire attitude of the public toward the plight of teachers brought forth a cogent response from her.

Striving to enlighten and nourish the youth of this city she took on a distinctive role. The worth of a teacher comes not by social approval or statistical success, but from a personal union with the pupils who comprehend and recognize the authority of the individual whom they regard as *The Teacher*. In her, students found a living symbol of the teaching art and a source of wisdom, inspiration and courage.

In retirement she has left behind her the fulfillment of an especial career which brought to multitudes in every walk of life material assistance and perception which can not be measured but only appreciated. So with Ovid one might conclude  
The end crowns the work.

## *Harvest Dance*

On November 17 a combined dance sponsored by the Student Council and Red Cross Council was held. The highlight of the night was the crowning of the Harvest Queen, Patricia Spagna. The members of her court were Suzanne Gagne, Jo-Anne Yvon, Bonnie Blair, Darlene Willette, and Lillian Anton. The music was provided by Burt Mason and his orchestra. Thanks goes out to Miss Bogass and everyone who helped with the dance.

## *Assemblies*

Assemblies are held frequently during the school year. Each one is of some importance and value to the students. They are held to inform, honor, and many times just for pleasure. Often outside speakers will come to talk to the Tech student body. Everyone looks forward to the annual Memorial Day assembly. Other assemblies include the Sports Awards Assembly, the Spelling Bee, and the all important Awards Assembly, which credits people in all areas of school life.

# Games

Games are an important part of the Tech school year. There are numerous kinds of games, ranging from chess to football and including soccer, hockey, baseball, crew, bowling, golf, wrestling, tennis, and basketball.

Football seems to be the favorite among the students. Large crowds can always be seen at all the games and with them they bring their Tech spirit.

## *Rallies*

Tech spirit rages at our rallies. The band swings, the cheerleaders cheer, and everyone yells.

Although our first rally is held before the first home game, the Cathedral rally is the most exciting and exuberant. At this time, "Go, go, beatum, beatum", can be heard throughout the schools. Teachers leave the rallies with ringing ears and crushed toes while every student leaves with a hoot and a smile.

## *Concerts*

Two concerts are presented each year by the band which is directed by Mr. Myers and the chorus and Concert Choir, under Mr. Murphy.

The first is the Christmas Concert which spotlights both religious and popular music. In April the Spring Concert presents a wide variety of music to appeal to all tastes. These two events have become popular traditions at Tech. At the end of the year the band and the choruses perform at graduation.

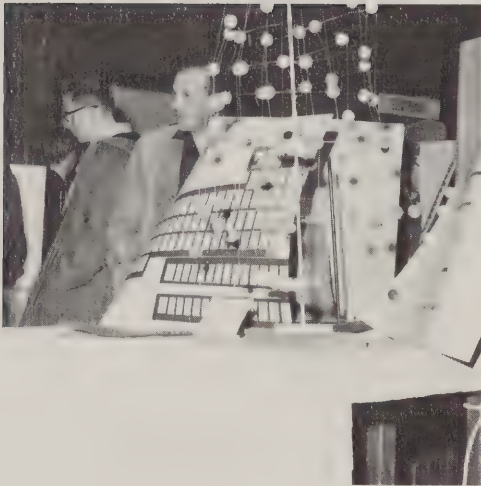

# Science Fair

The annual Tech High Science Fair took place on March 16 and March 17.

This year's Fair was under direction of Mr. Curran, chairman of the Science Department, and Mr. Hopkins, chairman of the event.

The judges included teachers from schools in the Springfield area, who selected winners in each of the five categories. Winners in the field of mathematics were Ted Sotiropoulos, Solutions of Cubic Equations, first place; and Rich Bedard, Geometrics, second place. In the life sciences category, winners were George Eliopoulos, A Possible Role of Anaxia in Chemoprhey-Laxtis Against Radiation, first place; Jeff Davidson, A Photomicrographic Study of the Submaxillary Gland, second place; and John Louvitakis, The Hering Theory: Color vs. Color. Honorable mention went to James Porter for Physiological and Biological Effects of R-F Energy.

Chemistry winners were George Providakes, Stain Corrosion, first prize; Jeff Steinberg, Electrochemical Equivalent Measures, second prize; and James Bator,

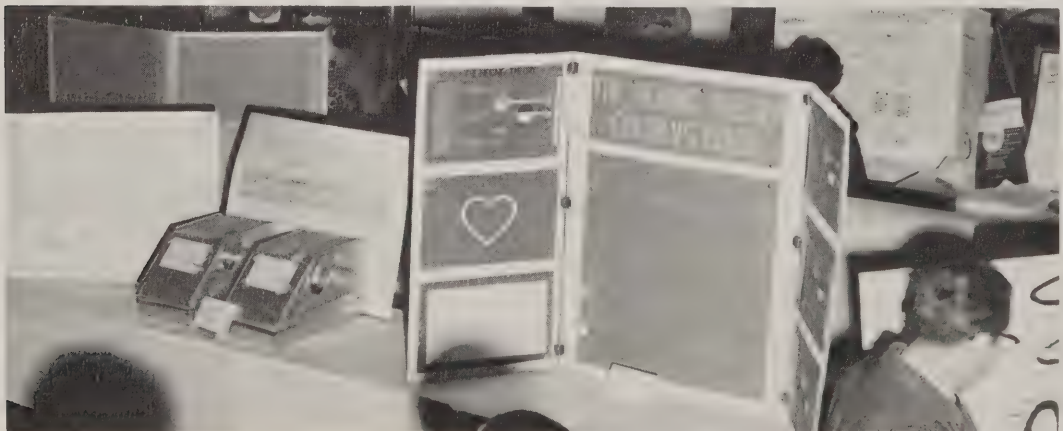

The Bohr Theory, third prize. Both Michael Bozek, for his project entitled The Law of Duong and Petits, and Ed Roccati, for his project, Sodium Compounds, were awarded honorable mention.

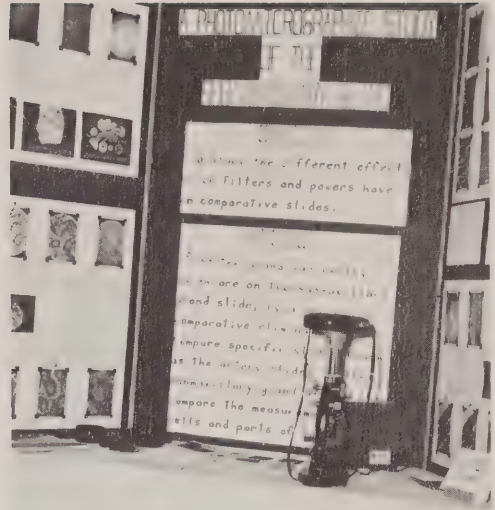

Physics winners were Gary St. Peter, Low Speed Boundary Layers, first place, Mark Brus, The Influence of the Krushnic Effect on Rocket Engine Thrust, second place; and Sam Johnston, Multi-Purpose Testing Chamber, third place. There were three students who received honorable mention: Paul Crescenzo, A Study of the Moon Through Astrophotography; Steve Graziano, Photography Exposure; and Peter Badmajian, The Seismograph.

Winners in electronics were Harold Eterman, The Gas Laser, first prize; Larry Pidgeon, Logic Machines, second prize; and Gary Bianchi, Auto Burglar Alarm, third prize.

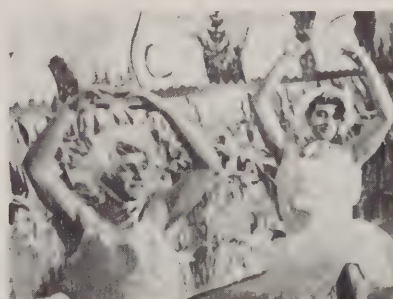

A special award each year by the Western Mass. Heart Association for the best project concerning circulation. This prize, a \$10 check, was divided between Ann Hogan, Physiology of the Heart, and Doreen Lyons, Hearts.

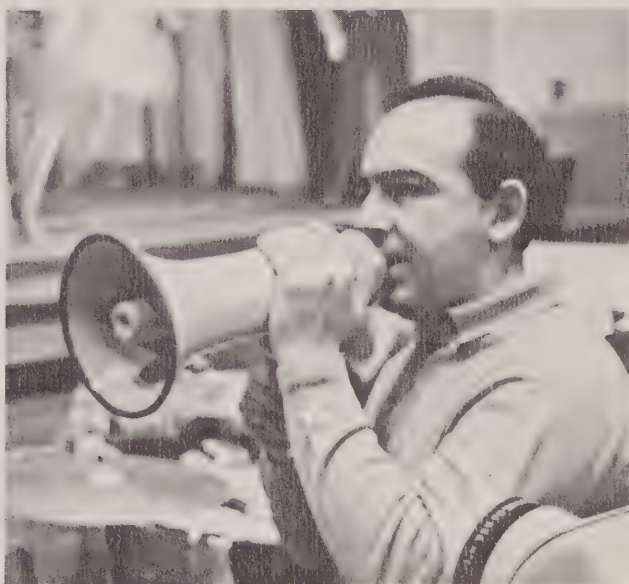

# Tantrums XXV

On Friday, February 9th, and Saturday, February 10th, Tech Tantrums celebrated its Silver Anniversary. "The Pajama Game" served as the theme.

"Thoroughly Modern Millie," as performed by the cheerleaders, added a delightful rendition of the Roaring Twenties to the evening's festivities.

The Swingsters performed such popular tunes as "Windy", "The Trolley Song," and the ever popular "Born Free". All in all, it was a night that will long be remembered, by both cast and audience.

## *AFROTC*

J. Robbins, J. Grigus, A. Wells, F. Zdrojowski, G. Johnson, C. Menzel, A. Providakas.

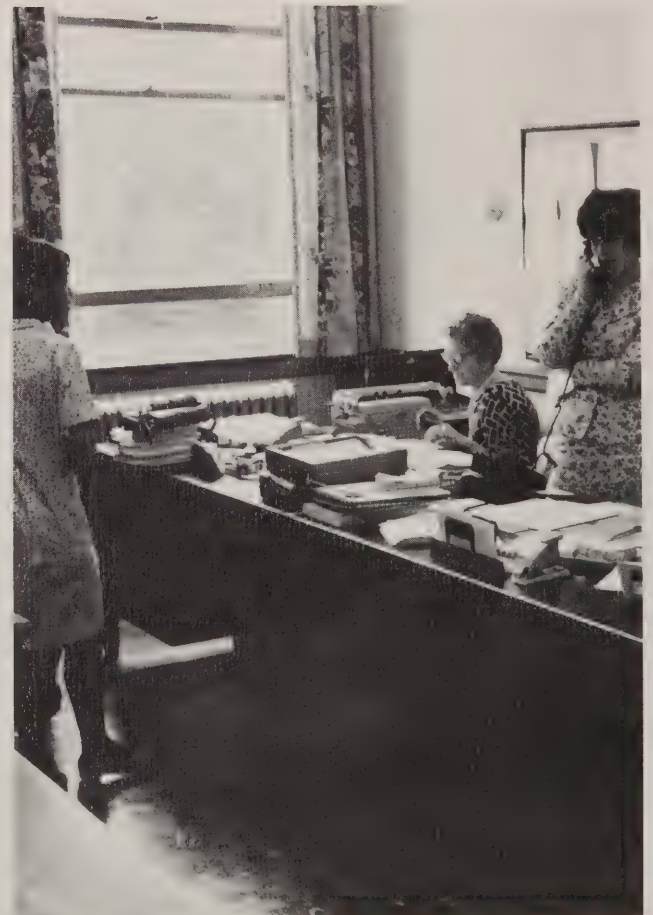

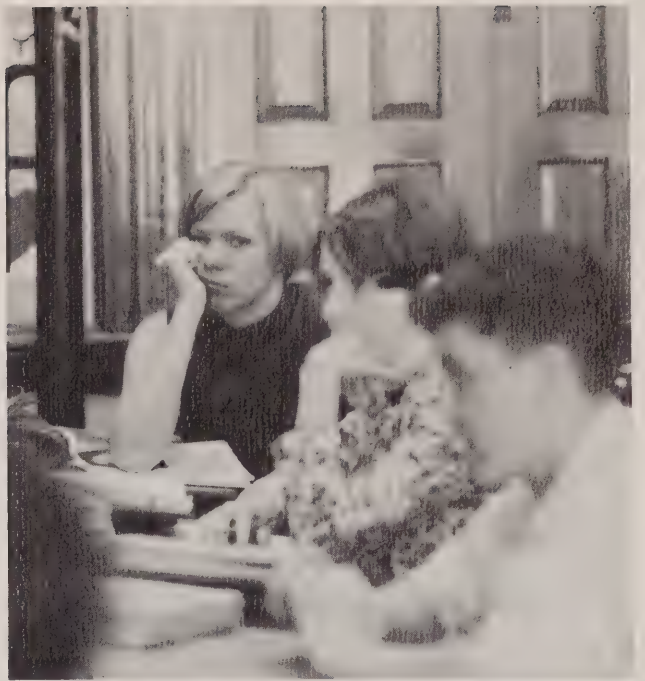

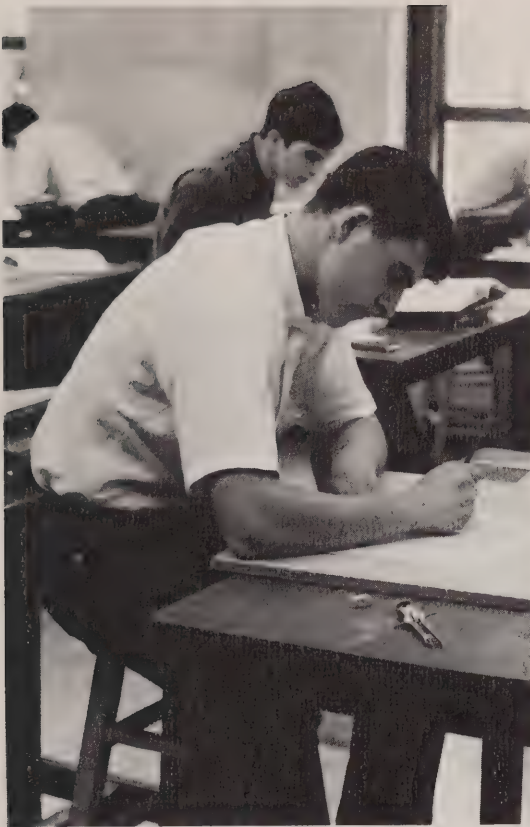

Tech is in its second year of AFJROTC. One hundred and seventy cadets are now enrolled; ninety freshman, the remainder junior and seniors. Colonel Smith is instructing the upper classmen and Sergeant Studley is working with the freshman. They are enjoying new quarters on the third floor including a large classroom, lounge, and office. The lounge has been painted and new rugs and drapes have been donated by the parents. This room, which will serve as a meeting place, will have a hundred volume library placed there by the Air Force. Next fall the AFJROTC will become a three year program with an enrollment of approximately two hundred and fifty members.

# New Teachers

Miss Anderson

Miss Anderson—Replacing Miss Baker in the Clothing and Foods Department, Miss Anderson has attended Southern Illinois University, where she obtained her Bachelor of Science Degree. Having taught last at East Jordon Michigan, Miss Anderson has been spending her summers attending Michigan State University.

Mr. Ferraro

Mr. Ferraro—Mr. Ferraro attended AIC, where he obtained his BA and Westfield State College, where he received his Masters in Education. Before coming to Tech, Mr. Ferraro taught at Duggan Junior High School. Mr. Ferraro is a valuable addition to our history department.

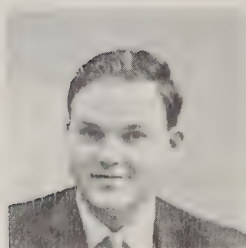

Mr. Stratton

Mr. Stratton—A new member to Tech's teaching staff this year is Mr. David Stratton. Mr. Stratton has taken over the duties of Mr. Foley as a boys gym instructor. Previous to his appointment to the Tech faculty, he taught at Buckingham Jr. High School and also coached all the junior high sports. Mr. Stratton attended American International College and The University of Miami where he earned a Bachelor's Degree.

Mrs. Thomas

Mrs. Thomas—Mrs. Thomas, a new addition to the English department at Tech, received her A.B. in English at AIC. Having previously taught at Duggan Jr. High, Mrs. Thomas also attended Univ. Of Conn. and Our Lady of the Elms.

Mr. Erikson

Mr. Earl Erikson, a new member to the English and history departments at Tech this year, describes the school as lively and spirited. Graduating from Worcester State College, he later went to Westfield State College where he earned his Master's in Education. He also attended Springfield College where he received his C.A.G.S. Mr. Erikson recently taught at Buckingham Junior High School.

Mrs. Meadows

Replacing Miss Hilliker in 211 this year is Mrs. Meadows. She attended Florida A&M University, where she earned her bachelor of arts in English and social studies. Her last teaching assignment was at Lincoln Park Academy in Fort Pierce, Florida. When asked her opinion of Tech she stated, "I feel the administration and faculty are dedicated members of their profession and are working toward a common goal—the improvement and education of Technical High School and its students."

## *Fond Memories Of Tech*

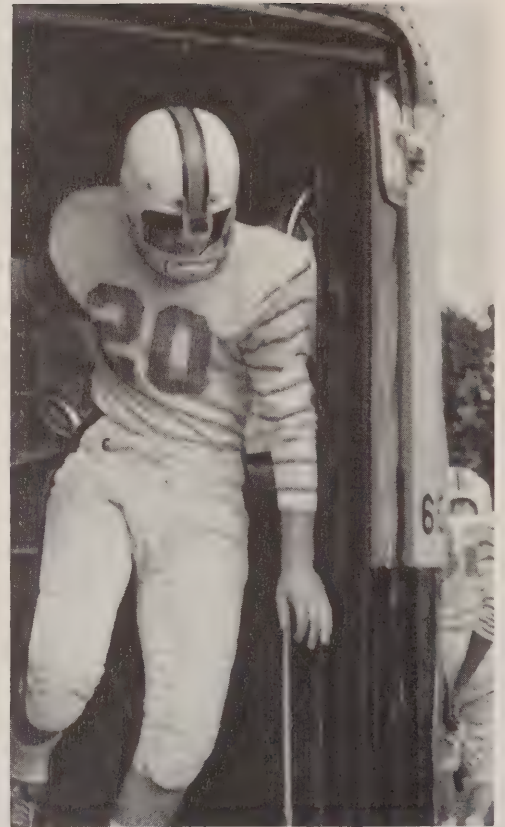

In September, 1965 we cluttered the halls as confused freshman. Timid and shy we scurried by the many senior hats. It wasn't long before we elected our Student Council members and class officers. Bob Doleva was chosen President, with Chris MacInnes as Vice President, Bill Lynch as Treasurer and Sandy Cote as Secretary. As the year went on, we realized that we too were contributing to the Spirit of Tech.

After our summer vacation we returned to Tech, just a little more self-confident. This year leading us was Bob Doleva, again President; Mary Corbin, Vice President; Jane Somers, Treasurer; and Sandy Cote, Secretary. In December, we ordered our class rings not knowing that we were in for a long wait. Well . . . it was March before we were waving our hands around the halls of Tech. On April 28, we held our junior dance "April Showers". The decorations were beautiful, thanks to Miss Bogacz, and we won't talk about the large crowd . . . ? College boards had finally come. On Saturday, May 6, some of us stayed at the school for six hours. This year was a great year for our athletic teams. We were State Soccer Champs, Western-Mass. Champs in Hockey and Wrestling, City Baseball Champs and our football team beat you know who! Here again another great year was coming to an end. Many of our friends were graduating and we would be the upperclassmen.

This year when we came from vacation we were wearing the hats. We were the Seniors! For many of us, our years at Tech have been the best years of our lives. Before long, our prom, banquet, and graduation will have come and gone. We will no longer walk the halls of Tech. Many of us will go on to college and many to work, but for all of us will be memories of the Spirit of Tech.

Many thoughtful persons make their wills, arrange pensions, annuities, and set up insurance programs in advance of need.

May we suggest it is also wise to prearrange funeral services.

A personal call at the Dickinson-Streeter office is treated in strictest confidence.

All questions about funeral requirements are answered; and, if advisable, complete arrangements can be made before the need arises.

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
